EDUCATION

Aptech Computer Education
2022 - 2025
Software Engineer

SKILLS

- Teamworks
- Time & Task managerment
- Seft learning & reserching
- Analyze, implement and test software product features.

TECHNICAL SKILLS

Client-Side:

HTML, CSS, JS, REACT,Type Script, Bootstrap

Sever-Side:

Java Spring Boot, JWT, Hibernate, OOP, SQL Server

Development & Operations:

Git

EXPERIENCE

Yay for kid   August 2022 - June 2023
Staff

LANGUAGE

English (Basic)

About Me

I am a Software Engineering graduate with a strong passion for programming and technology. I am proactive, eager to learn, and always strive to improve my skills. I take my work seriously and value responsibility as well as personal development. My goal is to become a key member of the company I work for, and in the future, I aspire to take on leadership roles such as Team Leader or Project Manager.

PROJECT

Industrial Catering   Oct 2024 – Feb 2025

Main Features:
- Manage industrial catering contracts, menus, daily meal requests, invoices, and online payments via VNPay
- Support user account registration, meal ordering, news viewing, and payment history management
- Allow admins to manage users, menus, contracts, meal requests, news, and generate statistical reports
- Send notification emails and export contracts to PDF

Technologies Used:
- Backend: Spring Boot (Java 21), Spring Security, Spring Data JPA, Thymeleaf, Spring Mail, BCrypt
- Database: Microsoft SQL Server
- Frontend: Bootstrap, jQuery, Chart.js, FullCalendar
- Payment Integration: VNPay
- Utilities: iText PDF, Maven, Spring DevTools, Spring Boot Test
